

unit:MM  
note:tolerance Positive and  
negative 0.2MM  
name:PET laminated (137\*81)  
arrangement:1\*11(series)No  
spacing posted Article black;  
type:156 MONO Two line ;  
monolithic:78\*11.14MM;  
efficiency:18%;  
voltage:5.5V;  
current : 270MA;  
power:1.5W.

PCB size:137\*81\*1.5  
PCB material:all Glass  
fiber  
PCBrequirements:  
positive black/Black  
on the back.  
Quality requirements:  
Flatness less than  
0.1MM Clean does not  
allow to have the  
scratch Take off  
paint the  
phenomenon such as  
A hole does not  
allow to have  
the deviation
